Owned and operated by RightStar.

All others are independently owned and operated facilities

Prices are subject to change. Prices for burial/cremation do not include the cost of a casket, cremation container (if “required” by the mortuary), or an urn. State and federal law allows you to provide your own casket, cremation container, or urn; these may be hand made or purchased from a vendor other than the mortuary. Mortuaries are **not** allowed to charge a “handling fee” or a higher price for services if you supply your own casket, cremation container, or urn. State law or health codes do **not** require a container of any kind for cremation, this is an item strictly for the convenience of the business. If the mortuary *requires* you to purchase a cremation container, do not pay more than \$75 for the cardboard “alternative container.” If the mortuary does not have this inexpensive model available, contact us for immediate assistance, 638-9112.

Prices include transportation to the mortuary and the cemetery or crematory, processing of the death certificate, and the actual cremation. Additional charges are typical for preparation of the body for viewing, refrigeration, embalming, casket, urn, memorial or funeral service, rites, ceremonies, flowers, graveside service, disposition of remains, mortuary staff at time of service, etc. Some businesses are now charging a nominal fee (\$25) for processing MedQuest or insurance paperwork. Call to request prices on the goods and services you desire. Ask specifically what goods and services are included in the price quoted. Obituaries are free, death certificates are \$10 for the first copy, \$4 for each additional copy. Hawaii State General Excise Tax is added to all totals.
